EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Paragraph 3 of the specification, which spans pages 1 and 2, has been amended as follows to indicate the patent number of the co-pending patent application publication:

[3] The cache and NVS unit of a storage controller may store updates intended for multiple ranks and each rank may be allocated a percentage of the total capacity of the NVS (see, for example, co-pending and commonly assigned U.S. Patent Application Serial No. 2003/0037204, now Patent No. 6,775,738, filed August 17, 2001 and entitled Method, System, and Program for Caching Data in a Storage Controller, which application is incorporated herein by reference). If a rank dominating the NVS is processing I/Os at a slow rate, then other processes submitting I/Os to other ranks are delayed such that updates are destaged at the rate of the slower, dominating rank. Moreover, if the NVS is destaging updates at a rate slower than it is able to copy new updates, a backlog is created and new write requests may have to be refused. Thus, because "complete" status is not returned to the requesting host unless the update is copied to both the cache and the NVS, a slowdown by a rank may cause a backlog in the NVS processing write requests, ultimately resulting in a slowdown in the host throughput and possible unfavorable host time-out conditions.

Reasons For Allowance

The following is an examiner's statement of reasons for allowance:

Claims 1-7,9,10,13-17,20, and 22, (renumbered 1-16) are allowable over the prior art of record. The previously indicated allowable subject matter of now cancelled claims 12 and 19, as well as the limitations of intervening claims 11 and 18, has been amended into independent base claims 1 and 14, respectively. In addition, claims 23-30, formerly rejected under 35 U.S.C. §101, have been cancelled.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Shane M. Thomas whose telephone number is (571) 272-4188. The examiner can normally be reached on M-F 8:30 - 5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Matt M. Kim can be reached on (571) 272-4182. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
